## Introduction

IACA was initiated by the United Nations Office on Drugs and Crime (UNODC), INTERPOL, the European Anti-Fraud Office (OLAF), the Republic of Austria, and other stakeholders. The idea of an international anti-corruption academy arose out of INTERPOL's International Group of Experts on Corruption, which at the time included Martin Kreutner, who became IACA's first Dean, Michael Hershman, Chairperson of IACA's International Senior Advisory Board, and the late Franz-Hermann Brüner, Director-General of OLAF at the time. The adoption of the United Nations Convention against Corruption (UNCAC) in 2005 and its subsequent implementation in many countries also played an influential role.

The International Anti Corruption Academy (IACA), located in Laxenburg, Vienna, Austria is the world's best institution for imparting capacity building training programmes for Mid and Senior level officers/executives in the Ministries/Departments, PSEs and Autonomous Bodies under Central and State Governments in India. The IACA advances the goals of the United Nations Convention against Corruption, promotes the rule of law, and provides support and technical assistance for states, organizations, corporations, and other stakeholders.

The principal mission of IACA is to deliver and facilitate anti-corruption education and training for professionals and practitioners from all sectors. Their holistic curricula address a wide range of disciplines and cater to various regions of the world. Furthermore, they also advance an understanding of the cross-cutting and devastating nature of corruption and thus call for a broader contextualization.

IACA has successfully completed the first & second batch on Tailor Made Leadership Training Programme on Anti-Corruption & Good Governance for Indian officers in March & June 2024. IACA has now decided to organise its third batch on 2-8 March 2025.

## Outcome of Training

Corruption is a global phenomenon that constitutes a serious barrier to smooth public service delivery. Corruption in the public sector hampers the efficiency and credibility of public services, undermines confidence in public institutions, and increases the cost of public transactions. It has devastating effects on economic growth, foreign investments, and social development, negatively impacting a population's quality of life. Integrity is considered essential for building strong state institutions resistant to corruption.

As corrupt practices are becoming more sophisticated, the "Tailor Made Leadership programme on Anti-Corruption and Good Governance" developed by International Anti-Corruption Academy (IACA) will be able to address the above challenges, advise senior officials working in vigilance administration within public institutions and public enterprises of India on the latest developments, and give them the possibility to gain further insight on best practice examples and initiatives together with renowned international professors and practitioners.

**S. Bal Shekar, Chief Course Director**  
(Former Secretary General, Lok Sabha)

Dated – 22<sup>nd</sup> November 2024

Dear Shri T.V.S.N. Prasad Ji,

Parliamentary and Administrative Research Institute (PARI), sharing the dream of the Government and the aspiring nation to put India into the 'Developed Nations' category, by 2047 and aligning with the mission and vision of the Central Vigilance Commission (CVC), has been running capacity building courses on Preventive Vigilance, Vigilance Administration and Good Governance for the mid and senior level officers/executives working in the ministries/departments, Autonomous Bodies, CPSEs under the Central and State governments including State Assemblies. PARI strongly believes that the roadmap to a developed India definitely lies in striving for a corruption free nation and a multipronged strategy of preventive, punitive and participative vigilance coupled with high integrity and moral values constitute the holistic approach for the way forward.

PARI in collaboration with "**International Anti-corruption Academy**" (IACA), based in Laxenburg, Vienna, Austria has successfully organized a "**Tailor-Made Leadership Training Programme on Anti-Corruption and Good Governance**" in March 2024 and June 2024. The IACA was established by the United Nations Office on Drugs and Crime (UNODC), INTERPOL, the European Anti-Fraud Office (OLAF) and the Republic of Austria. Its mission is to deliver and facilitate anti-corruption education and training for professionals and practitioners from all sectors. Their holistic curricula address a wide range of disciplines and cater to various regions of the world. Furthermore, they also advance an understanding of the cross-cutting and devastating nature of corruption and thus call for a broader contextualization. Encouraged by the feedback and encouraging responses, PARI and IACA have decided to organize the "**Tailor-Made Leadership Training Programme on Anti-Corruption and Good Governance**" from **2<sup>nd</sup> to 8<sup>th</sup> March 2025** in Vienna, Austria. The details of the course contents, schedule, fees etc. has been given in the attached brochure.

The following topics will be covered in the week long course at IACA, Vienna, Austria:

1. Public-Private Partnership in Corruption Prevention
2. Anti-Money Laundering
3. Visit to Vienna International Center (VIC)
4. Fraud and Corruption in Public Procurement
5. Conflict of Interests in the Public Sector and Ethical Dilemma
6. International Anti-Corruption Conventions and Anti-Bribery Mechanisms
7. Study Visit to the Economic and Corruption Public Prosecutor's Office (WKSTA), Vienna
8. Corruption and Electronic Evidence: A Primer for Non-Technicians (Cyber Frauds)

May I request you to nominate mid and senior level administrative officers from your State/Legislative Assembly to the above mentioned course on Anti-Corruption and Good Governance scheduled to be held from **2<sup>nd</sup> to 8<sup>th</sup> March 2025** at Vienna, Austria. The last date for receiving nominations along with fees is **31<sup>st</sup> December 2024**.

Warm Regards,

Dated – 22<sup>nd</sup> November 2024

Dear Shri T.V.S.N. Prasad Ji,

Prime Minister's Gatishakti Mission, a road to 'the Viksit Bharat by 2047' is a National Master plan for multi-modal connectivity, essentially a digital platform to bring 16 central government ministries including Railways and Roadways together for integrated planning and coordinated implementation of infrastructure connectivity projects with a view to provide integrated and seamless connectivity for movement of people goods and services from one mode of transportation to another. The PM Gatishakti envisions to incorporate the infrastructure schemes of various ministries and state governments like Bharatmala, Sagarmala, inland waterways, dryland ports, UDAN etc. Economic zones such as textile clusters, pharmaceutical clusters, defense corridors, electronic parks, industrial corridors, fishing clusters, agri-zones will be covered to improve connectivity and make Indian business more competitive and profitable. Therefore, PM Gatishakti constitutes a key foundation stone for a 'Developed India' by 2047.

The officers working in various government departments entrusted with the responsibilities of implementation of PM Gatishakti Mission require a continuous training and exposure to enhance and improve their capacity. The developed countries such as Australia which has already achieved multi-modal connectivity by developing a robust operation management and strategy and by using analytical tools and techniques in the area of global logistics and supply chain management provide a good opportunity to learn from them. The University of Tasmania in Australia has impeccably developed undergraduate and Masters courses on Global Logistics and Maritime Management. A short term executive course for a week can be extremely useful to the mid-level and senior level officers for embellishing their skills from the lectures and study excursions to the multi-modal infrastructural facilities in Hobart and other places in Tasmania. University of Tasmania is a public funded university and ranks very high globally. Their course on the Supply chain management and international trade provides specialist knowledge across key industry issues with the skills to implement complex systems across manufacturing, transport and logistics, mining, defence, agriculture and retail.

**PARI in collaboration with the University of Tasmania with the active support of Austrade Team, Australian High Commission, New Delhi has finalized a week long Leadership Executive Training Programme on Global Logistics and Supply Chain Management from 16<sup>th</sup> to 22<sup>nd</sup> February 2025. Last date for sending nomination is 31<sup>st</sup> December 2024.**

May I request you to nominate officers coordinating infrastructural projects in your esteemed State. A detailed brochure containing the contents, faculty, fees etc is attached for your kind perusal.

Warm Regards,

(S Bal Shekar)

# LEADERSHIP EXECUTIVE TRAINING PROGRAMME ON GLOBAL LOGISTICS AND SUPPLY CHAIN MANAGEMENT

in Collaboration with University of Tasmania, Australia

For Indian Govt. Officers Working in Infrastructural Projects Under PM Gatishakti Programme.

## About PARI and MoUs with Overseas Institutes and Universities

Parliamentary and Administrative Research Institute (PARI), was established with a view to undertake meaningful research on parliamentary and administrative issues in India and organize capacity/skill-building courses in India and abroad in collaboration with overseas universities and reputed institutions for the officers/executives working within government offices in India. PARI has organized select capacity/skill-building joint international courses with a view to providing international exposure to Indian government officers in the areas of governance within a parliamentary set up.

PARI entered into an MoU with Dods Parliamentary Communications, London, the UK in 2018 and launched two courses namely: The Public Policy Management in Parliamentary Democracy and The Public Health Policy Administration in Parliamentary Democracy. Both the programmes were well taken by the government departments and PARI sent 16 batches of officers ranging in number from 7 to 12 participants per batch, so far. Around 20 ministries/departments and autonomous bodies under the Government of India nominated their officers for the UK courses.

Furthermore, inspired by the WHO's special initiative for mental health (2019-2023) i.e. Universal Health Coverage for Mental Health with a view to achieving the wider goals of the 13th General Programme of Work (GPW13) and the Sustainable Development Goals (SDGs), PARI entered into a collaboration with the Centre for Mental Health, School of Population and Global Health, the University of Melbourne in November 2019 for starting a short term customized training "Leadership Programme on Mental Health System Development" for medical administrators and doctors from India. The first batch comprising 14 participants visited Melbourne in February 2020 followed by the second batch in June 2022 and the third comprising 21 participants in November 2022 for a week-long leadership training.

PARI also successfully completed a course on Public Policy Management in collaboration with The John Curtin Institute of Public Policy at Curtin University, Perth, Western Australia in November 2023.

PARI had a tie-up with the International Anti-Corruption Academy (IACA), Laxenburg, Vienna to organize short term course on Anti-Corruption and Good Governance in early 2024. IACA was initiated by the United Nations Office on Drugs and Crime (UNODC), INTERPOL, the European Anti-Fraud Office (OLAF), the Republic of Austria, and other stakeholders. The idea of an international anti-corruption academy arose out of INTERPOL's International Group of Experts on Corruption, which at the time included Martin Kreutner, who became IACA's first Dean. The adoption of the United Nations Convention against Corruption (UNCAC) in 2005 and its subsequent implementation in many countries also played an influential role. PARI and IACA have successfully completed the first & second batch of Tailor Made Leadership Training Programme on Anti-Corruption & Good Governance for Indian officers in March & June 2024. IACA has now decided to organise its third batch on 2-8 March 2025.

In all, PARI has been able to impart training to over 3000 officers from over 200 government organizations who have nominated their mid and senior level officers including some heads of the institutes to the various courses organized in India online and offline and also overseas.
