Dear Shri Vivek Joshi,

This is to introduce IC Centre for Governance (ICCFG), a not-for-profit Charitable Trust, committed to spearhead a movement for introducing personal ethics in public services over the last nearly two decades. The Centre serves the needs of society in all areas of public service and works to strengthen governance capacity in government and public sector organisations

One of our key activities has been developing training programmes in "Ethics in Public Service" for sensitising serving public functionaries on the critical significance of personal ethics in securing efficient delivery of public services. Regular 5-day training module on ethics are being conducted for officers of the All-India Services and other Class 1 Services of the Central Government as well as corporate managers of Public Sector Undertakings. The feedback of the participants has been extremely encouraging.

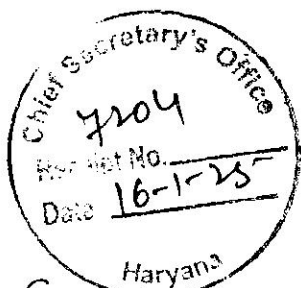

Under the Mission Karmayogi of Govt of India, an Ethics training module developed by ICCfG is being digitised and is being posted on the on-line I-Got Platform. The main module titled "Ethics in Public Service" is also being run off-line for officers both at the operational as well as policy formulation levels.

DOPT has allotted this 5-day module for AIS officers from 18 to 20 Feb 2025 at our residential Training and Conferencing Centre at Asia Plateau, Panchgani (Maharashtra) and has also decided that state governments may nominate their officers from the civil services as well as other state services for this programme.

The training fee for this residential programme would be at DOP's approved rates Rs 10,800 per day per participant.
