## GREEN FINANCING AND SUSTAINABLE INVESTMENTS

27 TO 31 OCTOBER 2025

Sponsored by the

**SINGAPORE COOPERATION PROGRAMME**

under the

**SINGAPORE COOPERATION PROGRAMME TRAINING AWARD**

---

### Singapore Cooperation Programme

Singapore has provided technical assistance to other developing countries since the 1960s. As a country whose only resource is its people, Singapore believes that human resource development is vital for economic and social progress. Singapore itself has benefited from training provided by other countries and international organisations.

In 1992, the Singapore Cooperation Programme (SCP) was established to bring together under one framework the various technical assistance programmes offered by Singapore. Through the SCP, the range and number of training programmes were increased to share Singapore's development experience with other developing countries.

To date, over 150,000 officials from more than 180 countries, territories, and intergovernmental organisations have participated in our courses and study visits. The SCP is managed by the Technical Cooperation Directorate of the Ministry of Foreign Affairs, Singapore.

### Course Objectives

This course will provide an overview of green financing, emphasising the role of financial instruments and policy frameworks in supporting environmentally sustainable projects. It will also explore mechanisms to mobilise capital for green initiatives and assess associated risks.

### Synopsis

Topics to be covered include
