Date: 16th Oct, 2012

Sub: Invitation for the Short Term Course on "Project Land Acquisition, Environmental Clearance and Sustainable Development" from 20th February - 23rd February, 2013 (Course Identification Name: 'PLCS' 2013)

Dear Sir,

Season's Greetings.

I have the pleasure to inform you that in cooperation with the Ministry of Steel and Mines, Ministry of Coal and Ministry of Environment and Forest (MOEF), we will be offering a Short Term Course on "Project Land Acquisition, Environmental Clearance and Sustainable Development" from 20th February, 2013 to 23rd February, 2013 (Course Identification Name: "PLCS'2013").

The understanding and expertise of land acquisition, environmental clearance and sustainable development will be crucial for all organizations. Their implementation remains a critical path; the objective of the course is to make the persons in charge to understand the issues with better clarity. As was in the other similar courses, the participants will meet the regulators, experts and policy planners to learn the requirements of land acquisition, environmental clearance and sustainable development. All previous courses also drew a large number of participants from the governments, industry and regulatory boards etc. This itself provides unique opportunity to network with each other that is beneficial to any organization.

I request you to send nominations of your executives for the course.

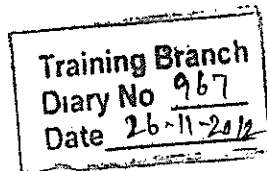

Please do not hesitate to pass your comments/suggestions on the course. Further, we will request you to respond as quickly as possible to serve you well.

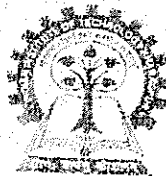

Thanking you,

Enclo: Course Brochure

Yours sincerely,

(J. Bhattacharya)

Department of Mining Engineering
Indian Institute of Technology, Kharagpur

with resource personnel co-operation from

Ministry of Environment and Forests, India,

Ministry of Coal,

and

Ministry of Steel and Mines

and

Announces

The 4 day Short Term Course

On

***"Project Land Acquisition, Environmental Clearance and
Sustainable Development"***

from

***20th February, 2013 to 23rd February, 2013
(Course Identification Name: "PLCS" 2013)***

Land for industrial projects, mines, highway construction and pipeline laying have been posing to be the major bottlenecks of the industry in India and in many other countries leading to project delay and cost overrun. Industrial project clearance from the ministries requires knowledge of judicial and regulatory processes. As the list of terms of reference (TOR) is becoming longer and more and more stringent, training and knowledge become essential. In addition to the knowledge of the law the subject of clearance requires understanding of environmental science and technology, negotiations skill and corporate social responsibility. Sustainable development will define organizations of the future as organizations will have to commit to profit, growth, environmental protection and community – well being – all at the same time. It is now urgent that organizations know and pursue the path of sustainable development.

-3-

With this in mind the Department of Mining Engineering, IIT, Kharagpur with resource personnel co-operation with Ministry of Environment and Forest, Ministry of Steel and Mines, and Directorate General of Mines Safety, Dhanbad has designed a short term course for the executives of the Power, Mining, Cement, Steel, Infrastructure and Construction industry "**Project Land Acquisition, Environmental Clearance and Sustainable Development**" to be held at IIT, Kharagpur from **20th February, 2013 to 23rd February, 2013**.

Topics:

1. Land and its legal and community implications.
2. Land Acquisition Process.
3. Environmental Clearance Process.
4. Measurement of environmental parameters.
5. Rehabilitation and Resettlement.
6. Sustainable Development.
7. Community Sustainability Measurement and empowerment.
8. Corporate Social Responsibility.
9. Balanced Scorecard for Organizational measurement.
10. Case Studies.

Course Fee:

Fees paid on or before 1st February, 2013

- Individual : Rs.18,000=00 (Rs. Eighteen Thousands Only)
- Group (not less than 5 individuals) : Rs.16000=00 per individual (Rs. Sixteen Thousands only).
- Please add Service Tax- 12 %, Education Cess- 2% & HSC Cess- 1% on Service Tax as per rule.

Fees paid after 1st February, 2013

- Individual : Rs. 26,000=00 (Rs. Twentysix Thousands Only)
- Group (not less than 5 individuals) : Rs. 24,000=00 per individual (Rs. Twenty-four Thousands only),
- Please add Service Tax- 12 %, Education Cess- 2% & HSC Cess- 1% on the basic fee.

(All the above charges are net charges. IIT Kharagpur is exempted from Income Tax. Other charges like Service Charge etc should not be included in the course fee)

The course is non-residential in nature. IIT Kharagpur has few modest accommodation facilities. Guest House/ accommodation booking will be done by IIT, Kharagpur only on request. Failure to book any suitable accommodation at the late stages can not be purported to be the failure of the organizers. To avoid disappointment, please book early.

Very Very Important:

Please note nominations would be considered as confirmed participation and would remain chargeable to the extent of a regular candidate as above, even if the candidate or his/her replacement fails to turn up. The billing method on the basis of candidates present and absent, against confirmed participation is not acceptable. IIT, Kharagpur will not be in position to negotiate on the above.

Payment Mode

All the payments have to be made in bank draft in favour of "CEP-STC, IIT, Kharagpur", payable at Syndicate Bank, IIT, Campus, Kharagpur.

Strength

Apart from world class faculty the department has state of the art laboratories for Mine Environmental Pollution and Control, Clean technology lab, safety and human factors lab, rock mechanics and ventilation labs.

Faculty:

The eminent resource persons of MOEF, Ministry of Steel and Mines, Indian Bureau of Mines, Nagpur, Industry and faculty of IIT, Kharagpur, and personnel from the industry and academics will be invited to conduct the lectures and demonstration.

About the convener:

Dr. Jayanta Bhattacharya, FNAE is a professor of standing in Mining Engineering. He has 7 books and more than 150 technical papers in many national and international journals.
