Subject: Invitation for submission of Articles in the Indian Journal of Public Administration (IIPA)

Madam/Sir,

As you might be aware, the Indian Institute of Public Administration (IIPA) is a premier Research and Training organization under the Department of Personnel and Training (DoPT), Govt. of India. IIPA takes out various publications in the form of Journals and books which mainly cover contemporary Governance and Administrative issues. One of the prestigious publications of IIPA is the **Indian Journal of Public Administration (IIPA)** which is a quarterly journal. It is a refereed professional journal which provides an integrated view in the fields of Public Administration, Management, Public Policy, Governance, Environment, Leadership and contemporary Social issues.

IIPA is working towards bringing about a change in the format of the journal with an international editorial board drawn from various critical and core areas of governance and management. From January 2017, the journal is expected to be collaboratively published by the internationally renowned publishers M/S SAGE, both in electronic and in print formats. Hence the visibility and international appeal of the journal is expected to grow manifold.

Keeping the above in mind, it would be really worthwhile and fruitful if Civil Servants of Central/State Governments, who are the practical, day to day contributors in the area of Public Administration, Governance and Public Policy, share their thinking and experience in IIPA in the form of Case Studies, Research Papers, Policy Reviews etc. so that these grassroot inputs reach a wider audience, both in India as well as internationally, for better awareness and implementation of policies. Besides, this exposure will open new avenues of communication globally with the authors.

As such, I would like to invite you to contribute to IIPA, and at the same time, request you to circulate this letter among your colleagues/Civil Servants in the Central/State Governments to contribute relevant articles on contemporary issues already outlined above, to be considered for publication in IIPAs. Needless to mention that the articles submitted should be original. in
