Dear Sir/Ma'am,

Greetings from MDI Gurugram...!!!

In today's world business leaders require sincerity, flexibility, vision and the ability to operate in an environment of increasing diversity. Combining a unique blend of research and consultancy, MDI is the pacesetter top Institute in the country for the last 50 years in offering Management Development Programme (MDPs) that encompass to address these needs. Our intensive, short-duration programmes, have been receiving continuously enthusiastic responses from participating executives from various organizations, with varied functional backgrounds.

I am glad to share with you that during the year 2022-23, more than three thousand executives from several premium organizations attended various Management Development Programmes confirming their continuous faith in the quality of MDP programmes offered. Further, during year 2023-24 also we are getting an overwhelming responses for the participation of executives in MDI MDP programmes.

With great pleasure, we are enclosing herewith the Management Development Programmes Annual Calendar 2023-24. These details are also published on MDI website (www.mdi.ac.in),

We request you that kindly send your nominations of the participants in the enclosed "Nomination Form" through email. MDI provide 10% discount, when we receive 3 to 5 nominations and 20% discount on fee (kindly refer Programme Calendar 2023-24 for detail of fees). We look forward to your response and expect receiving nominations from your esteemed organization at the earliest.

Should you have any query please feel free to write to us.

with warm regards,

Ajay Singh

About MDI

Established in 1972 as an institute for training, consulting and research activities, Management Development Institute (MDI), Gurgaon, is consistently ranked among the top B-schools of India by reputed agencies and publications.

The Institute has earned accreditation from AACSB International, the world's largest business education alliance. Considered the gold standard for B-schools around the world, the AACSB accreditation will ensure continuous improvement and provide focus for MDI Gurgaon to deliver on its mission, innovate, and drive impact. The Institute already has the distinction of being the first internationally accredited Indian B-school having received accreditation from the Association of MBAs (AMBA), London, in 2005. The following year, the South Asian Quality Assurance Systems (SAQS) too gave accreditation to MDI Gurgaon.

Research is an important constituent of the Institute's vision and mission. Consequently, MDI Gurgaon's academic community is research active and carries out research work of a high international standard that contributes to the national goals of innovation, socio-economic development and environmental sustainability.

The Institute's calendar of activities includes deep-diving guest lectures and panel discussions centred on varied themes. The MDI Wisdom Café Research Seminar Series presents research insights to stimulate reflection and debate. Distinguished academics from outside are invited by different areas of the Institute for this series. The Practitioner Conversation Series is aimed at presenting and disseminating insights from practice and experience by professionals from different fields. Multiple speakers are invited for each event which has a moderator from MDI Gurgaon. The i-Choupal series seeks to present research work in progress and innovative ideas to spur discussion and reflection. Participants get to hear updates and state-of-the-art new leads in research, and innovations in methods and concepts and contribute to extending the frontiers of knowledge.

To promote multi-disciplinary academic as well as practice-oriented research, MDI Gurgaon set up three Centres of Excellence (CoEs) in 2021:

- The CoE for Ethics, Responsible Organisations and ESG Initiatives (CERO) aims to serve as a platform for education, research and engagement on the challenges of ethics and social and environmental responsibility that confront current and future business leaders and policy makers.
- The CoE for Indian Thought and Management (CITM) was launched to coordinate with scholars across the globe for efficiently developing an Indian management- knowledge-base.
- The CoE on Digital Economy, Cryptocurrencies and Cyber Security (DECCS) was created to undertake research and joint projects to cater to the complex issues of digital economy and cybersecurity to facilitate government and regulatory bodies in optimising the digital transformation.

It will act as a think tank on issues related to digital economy, cybersecurity and cryptocurrencies, bringing in an India-specific context and discussion.

Apart from the CoEs, the MDI Gurgaon has also launched a Teaching Learning Centre. The Centre will facilitate teaching excellence, encourage innovative approaches to design and delivery of courses and programmes, and help support the writing and publication of cases.

It aims to bring an innovative approach to curriculum design in the context of experiential learning, short-term management development programmes, as well as online, off-line, blended, and hybrid models of teaching and learning.

Training and development of managers is one of the major activities of MDI Gurgaon. Over 100,000 managers have been trained in the nearly 50 years of the Institute's existence. The Institute prides itself for the personalised training modules that it offers to organisations of different kinds at different levels.

An institute is known by the achievements of its alumni and the difference they make to the world around them. MDI Gurgaon has a very strong legacy, being one of the early management institutions in the country. The alumni network across all the programmes offered is one of the largest. With more than 700 members joining the group annually, the

8
alumni network is growing stronger year by year. As of now, there are nearly 9,000 MDI Gurgaon alumni working across 45 countries.

MDI Gurgaon nurtures a vision to be a truly global business school. As economic networks gain eminence over geographic boundaries, the Institute realised the emerging role of international markets and the need for B-schools to groom managers with an international perspective. The process of building linkages began more than a decade ago and today MDI has partnerships in almost every continent of the globe. The international partnerships encompass a gamut of interests such as joint research, executive education, and development of academic material, collaborative work on projects of international scope, faculty exchange and student exchange. Today, MDI Gurgaon has partnerships with over 80 B-schools across the world.

NOTE:

1. Detailed brochure for the individual programs will be available about 3 months before the start of each program.
2. Organizations concerned must confirm their acceptance of nominations before sending participants to program venue.
3. GST as applicable will be charged extra on all the programs in addition to the program fees.
4. We will provide 10% discount, when we receive 3 to 5 nominations & 20% discount on more than 5 nominations for single programme. The overall discount will not exceed 20%. (applicable in Nepal also)
