Version: 07

10 year Anniversary Course

(Course Code: 'PLACIR'2023)

Introduction

The 7th version of this very successful course is back following huge demand. On 07th, 2020 SC court order ruled that a land acquisition process will be lapsed only if the possession of land is not complete and no compensation has been paid. This is one of the many significant developments in the field of land acquisition. RFCTCARR, 2013. Many of such aspects will be discussed in the course. Additionally, the actual audit of land, reconciliation of maps and a new area of knowledge.

Land and environment clearance is, without much doubt, the most important factor for project delay and cost overrun. Much of these arise from the gap of expectations between the two parties: the developers and the regulatory authorities. Of energy and resources are lost due to lack of understanding, the gap requirement and deliverance. In addition to the knowledge of the law of clearance requires understanding of environmental science and the need for negotiations skill and corporate social responsibility. In the recent years industrial regulations have undergone changes. These are important for anyone involved in starting project, production and manufacturing, etc.

With these in mind the IIT, Kharagpur in association with resource personal cooperation with IBM, DGMS, DFOs and other relevant agencies has organized a short term course for the executives of the industry and public service affairs entitled "Project Land Acquisition and Environmental Clearance and Industrial Regulations" to be held at the Department of Mining Engineering, IIT, Kharagpur from 05th to 09th June, 2023.

Topics and Coverage:

- 1). Understanding of Indian Land and RFCTCARR '2013.
- 2). Environmental Clearance Act Rules 2006 Notifications and Circulars.
- 3). Forest Rights Act and Diversion of Forest Land for Various Projects.
- 4). Roles of Administrators.
- 5). Defense for Clearance.
- 6). Compensation Design for Long-term Results.
- 7). Potential of Leasing of Land for Projects.
- 8). Environmental Impact Assessment Criteria & Checklist.
- 9). Public Hearing & Corporate Social Responsibility.
- 10). Strategic CSR Management.
- 11). Recent Regulations: Facility Act, Contract Labour Act, Sexual Harassment Act and PMLA.
