Central Bureau of Investigation (CBI); (iv) Vigilance units in the Ministries / Departments of Government of India, Central Public Sector Enterprises and other autonomous organisations; (v) Disciplinary authorities; and (vi) Supervisory officers.

4. *"No one shall be condemned unheard"* is one of the basic principles of natural justice. This equally applies to Disciplinary enquiry. To put this principle into practice is however, a difficult job. This problem arises because the rules and laws for conducting Disciplinary enquiry have to be garnered from myriad decisions of High Courts and the Supreme Court. Inadequate understanding of the basic principles and the emerging trends as evident through judicial interpretations, has often resulted in setting aside of findings of Disciplinary enquiries. Departure from impartiality and objectivity in Disciplinary enquiry, in other words denial of opportunity to the delinquent employee to prove his innocence amounts to denial of justice. Undoubtedly, the quality of Disciplinary enquiry has an important role to play in building up morale and trust in the organization
5. This IO & PO training programme has been designed to give the participants an in depth understanding of the basic principles of natural justice and element of objectivity in procedures relating to Disciplinary enquiry. In addition to the conceptual and pragmatic issues relating to the subject, judgements of High Courts and the Supreme Court will also be discussed during the programme with a view to enlighten and enrich the participants on various aspects of Disciplinary enquiry so that they can perform their role, in this regard, effectively.
6. General Financial Rules (GFRs) are a compilation of rules and orders of Government of India to be followed by all while dealing with matters involving public finances. 7. The Digital Personal Data Protection Act was passed in early August of 2023. The act is expected to come into force in 2024 through a government notification. The law enumerates the rights and duties of data principals, and obligations of data fiduciaries, imposes penalties for data breaches, and also creates a special category of data fiduciaries called the significant data fiduciaries. DPDP Act recognizes verifiable consent for children and persons with disability. Unlike GDPR and other privacy laws, India's privacy law does not expressly define sensitive data. However, the central Government in the future may classify personal data into different categories. The Data Protection Board (DPB) is the enforcement authority under the DPDP Act. The act also designates the Telecom Disputes Settlement and Appellate Tribunal as the appellate authority.
8. The Training Programme is meant for State & Central Government Officials, Central Public Sector Enterprises (CPSEs), Public Sector Undertakings (PSUs), Autonomous Bodies, Professionals, Entrepreneurs and Academicians. Training Objectives are:
