Lead Digital Transformation in Government

A 5-day intensive program on implementing AI and digital solutions in public sector organizations

[Register Now](#)

Program Overview

This comprehensive 5-day program equips public sector leaders and professionals with the knowledge and tools to drive digital transformation in government organizations. Through expert-led sessions, case studies, and interactive workshops, participants will learn how to leverage AI and digital technologies to improve public service delivery, enhance operational efficiency, and create citizen-centric solutions.

Why Attend?

- Master **digital transformation frameworks** for government
- Learn **AI applications** for public sector challenges
- Explore **successful case studies** from India and globally
- Develop **implementation roadmaps** for your organization

Who Should Attend?

- IAS/IPS/IFS Officers
- Government Department Heads
- Public Sector IT Directors

- Policy Makers
- Smart City Administrators
- Digital Governance Specialists

Key Highlights

- **Digital Governance Frameworks** - Best practices and implementation
- **AI for Public Services** - Chatbots, predictive analytics, process automation
- **Data-Driven Decision Making** - Leveraging big data in government
- **Cybersecurity for Government** - Protecting digital infrastructure

- **Case Studies** - Successful digital transformations in India
- **Hands-on Workshops** - Developing digital solutions
- **Expert Panel Discussions** - With government technology leaders
- **Certificate of Completion** - From Ministry of Finance institution

- 03:15 PM – 03:30 PM: Short Break
- 03:30 PM – 05:00 PM: Closing Ceremony & Certification

- This program combines expert lectures, government case studies, and interactive workshops. Participants will receive digital transformation frameworks and implementation toolkits.

Meet Your Program Director

Prof. (Dr.) Brajesh Kumar

Professor of Economics | Data Scientist | GST Expert | Program Director, MBA (Financial Management) | Data Scientist | Machine Learning Architect | Computational Econometrician | Chief Editor, NIFM Journal of Public Financial Management

Prof. (Dr.) Brajesh Kumar, a distinguished academician with ~28 years of experience, serves as Professor of Economics and Program Director (MBA-FM) at AJNIFM. He holds advanced degrees in Economics, Business Analytics, and Computer Applications, and is a certified Lean Six Sigma Black Belt. His expertise spans GST, data science, machine learning, and computational econometrics.

A prolific trainer and consultant, Dr. Kumar has led 220+ MDPs, advised government bodies on taxation and finance, and contributed to national and international research projects. He has represented India at global academic forums and developed digital governance tools using PHP, MySQL, and AI-based analytics.

"This program transformed our approach to digital services in our department. The frameworks and case studies provided immediately applicable insights. We've already implemented three AI-powered services based on what we learned."
