D.O. No T-28/35(I)/2026-IGOT

19th March, 2026

Dear Chief Secretary,

Mission Karmayogi aims to build the capacity of civil servants across Central and States/UT governments through competency-driven learning and continuous professional development. The Department of Personnel and Training in collaboration of the Capacity Building Commission (CBC) and SPV - Karmayogi Bharat, has been advancing several initiatives under Mission Karmayogi to foster a culture of continuous learning within the civil services.

2. Over the past few years, Mission Karmayogi has made significant progress in strengthening the national capacity-building ecosystem. The iGOT Karmayogi platform, which serves as the digital backbone for delivering online learning under the Mission, has onboarded over 1.5 crore learners (out of which more than 1 crore are from the States/UT governments) and these learners have collectively completed close to 8 crore courses (3.7 crore courses completed in States/UTs) on the iGoT platform.

3. To foster a culture of continuous learning, the National Learning Week - *Karmayogi Saptah* was held during October 19-27, 2024. The initiative recorded more than 45 lakh course enrollments and 32 lakh course completions, generating over 38 lakh learning hours, achieving a nine-fold increase in daily course completions during the week.

4. Now, it has been decided to observe "**Mission Karmayogi - SĀDHANA Saptah**" from **2nd to 8th April 2026** across the Union and State Governments. The CBC has already written to you in this regard. A brief note by the CBC including the tentative programme for the SĀDHANA Saptah is enclosed for perusal.

5. The SĀDHANA Saptah is envisaged as a focused period during which employees of the State/UT government engage in learning on the iGoT platform and discuss/deliberate upon subjects related to the themes of learning in the context of governance, institutional capacity building and public service delivery. In particular, the following activities may be considered:-

- State/UT government officials may be encouraged to complete **at least four hours of learning** on the iGOT Karmayogi platform during the week, aligned with their roles and responsibilities. **Capacity building in AI** being a key focus area of the government, employees may, in particular, be encouraged to learn about AI with the help of courses available on iGOT. **An indicative list of courses on AI available on iGOT is being attached for your reference (Annexure I)**. Further, employees may be encouraged to build functional and behavioral competencies by completing **advance-level courses** available free of cost on the **iGOT Marketplace**. An indicative list of courses is attached for reference (**Annexure II**).

Contd..2/-

- As the last date for completion of Mandatory courses for the APAR Cycle has been **extended to 30.04.2026**, the officers may be encouraged to **complete their mandatory courses and comprehensive assessment during the SĀDHANA Saptah**, which shall also be counted for the **four hours** of role-aligned learning on the iGOT Karmayogi platform, as described above.
- State/UT Departments may organize **Samuhik Charcha or panel discussions** to deliberate on governance challenges, reform priorities and emerging good practices relevant to the State.
- **Administrative Training Institutes (ATIs)** and other training institutions under the State/UT Governments may be encouraged to organize capacity-building activities, including domain-specific workshops, sessions and blended learning programs aligned with Mission Karmayogi.

6. The **inaugural session on 2nd April 2026** will also mark the launch of several initiatives aimed at further strengthening the national capacity-building ecosystem and reinforcing the spirit of *Seva Bhav*.

7. I am confident that your leadership will ensure active participation across all levels in your State/Union Territory and will help to make the *Saptah* a meaningful step towards institutionalizing structured capacity building for government employees.

Best regards,

Yours sincerely,

Rachna

Mission Karmayogi SĀDHANA Saptah - 2 to 8 April 2026

Technology | Tradition | Tangible Outcomes

India's governance landscape is being reshaped by rapid technological change, renewed attention to Indian Knowledge Systems, and an increasing focus on Citizen Centricity. **Sadhna Saptah** is conceived as a theme-focused and sector-anchored exercise (sector classification as per SGOS) to strengthen governance capability across Ministries, Departments, and States. Structure of the week shall be focused on three themes or Sutras¹, **Technology, Tradition & Tangible Outcomes**.

Mission Karmayogi SĀDHANA Saptah

Technology • Tradition • Tangible Outcomes

Proposed structure of the week

2 April: National Orientation

3 & 4 April: Technology (AI & emerging Tech)

5 & 6 April: Tradition (Indian Knowledge Systems and Indigenous Innovations)

7 & 8 April: Tangible Outcomes (Citizen Centricity and Impact)

Each Ministry/Department at the Centre and State level may identify sector-specific subthemes under each pillar, conduct webinars, internal workshops, case reviews, or field visits, and submit a brief Sankalp Note summarizing insights and commitments.

¹ Like the People, Planet & Progress *sutra* approach adopted for India AI Impact Summit 2026

1. Technology

Artificial Intelligence and emerging technologies transforming the sector. Focus areas may include:

- Sector-specific AI use cases
- Regulatory readiness
- Digital public infrastructure integration

2. Tradition

Indian Knowledge Systems and indigenous innovations relevant to the sector. Focus areas may include:

- Civilizational practices with contemporary relevance
- Community-led institutional models
- Indigenous governance insights

3. Tangible Outcomes

Outcome-oriented governance and public value creation. Focus areas may include:

- Citizen impact tracking
- Clear articulation of priority sectoral outcomes for citizens
- Dashboard-based monitoring

Expected Output

By the end of Saptah, each Ministry/Department should articulate:

1. Two priority technology interventions
2. Two sector-relevant indigenous or traditional models
3. Three measurable outcome commitments for FY 2026–27

CBC will compile and synthesize insights into a cross-sectoral compendium. Indicative Theme – Sector Mapping²

Sector	Technology	Tradition	Tangible Outcomes
	3 & 4 April	5 & 6 April	3 & 4 April
Infrastructure	AI planning, GIS monitoring	Traditional water systems	Reduced project delays
Resources	Satellite mapping, climate analytics	Community forest governance	Sustainable extraction metrics

² The sub-themes suggested against sectors are only indicative. Ministries/Departments must identify their own topics aligned with the overall theme for the day and relevant to their sector.

Security & Foreign Affairs	Cyber defence, intelligence	AI	Kautilya, Panchsheel	Faster threat response
---------------------------------------	-----------------------------	----	----------------------	------------------------

Sector	Technology	Tradition	Tangible Outcomes
	3 & 4 April	5 & 6 April	3 & 4 April
Governance	AI grievance systems	Sabha traditions	Service delivery timelines
Finance & Economy	Fraud analytics, digital payments	Indigenous trade systems	Tax compliance growth
Welfare	Beneficiary analytics	Cooperative models	Inclusion & leakage reduction
Commerce & Industry	Supply chain AI	Craft cluster traditions	Export & job growth
Human Development	EdTech & Health AI	Gurukul, Ayurveda	Learning & health outcomes
Agriculture & Rural	Precision farming tech	Traditional seed systems	Farmer income growth
Technology Sector	AI governance frameworks	Mathematical & scientific heritage	Digital inclusion metrics
