In today's governance environment, effective policy leadership requires more than subject expertise. It demands a clear understanding of the architecture of public policy including agenda setting, stakeholder alignment, financing frameworks, institutional accountability, and measurable outcomes. The programme is designed to equip officers with structured tools and perspectives to navigate these complexities.

Through this programme, participating officers will gain the ability to:

- Deconstruct complex policy ecosystems using structured analytical frameworks
- Anticipate regulatory risks and political economy dynamics
- Translate policy intent into implementation-ready programme design
- Navigate stakeholder pressures while maintaining institutional integrity
- Design fiscally responsible, scalable, and outcome-oriented policy interventions

Programme Details:

Dates: 25–26 April 2026

Venue: India International Centre, New Delhi

Programme Fee: INR 15,000 + GST per participant

Batch Size: Limited to 40 participants to ensure depth of engagement and peer learning.

India's demographic dividend represents not only an opportunity but also a significant policy responsibility. As governance systems confront increasing complexity driven by digital transformation, regulatory acceleration, fiscal prudence, and heightened public accountability strengthening policy capability within institutions becomes imperative.

We would be grateful if your office could nominate suitable officers currently handling key policy and programme responsibilities to participate in this programme. We look forward to the participation of officers from your esteemed department.

with best regards

Dr. Rajendra Pratap Gupta, PhD
